CALIFORNIA CODE OF REGULATIONS**

**Proposed Amendments to
California Code of Regulations, Title 5,
Sections 80300, 80309.1, 80310, 80311, 80314.5, and 80317
and the Addition of New Section 80305
Pertaining to the Committee of Credentials**

Initial Statement of Reasons

Rationale for Proposed Regulations

Summary of Existing Laws and Regulations

Staff is proposing modifications to existing regulations, and new regulations, as a result of the enactment of legislation (SB 63 Chapter 73, Statutes of 2005). Additional changes make technical and clarifying corrections.

Cost savings measures mandated by SB 63 (Chapter 73, Statutes of 2005) are contained in Education Code section 44242.3 and amended Education Code section 44244.

New Law: Section 44242.3 mandates that first-time applicants subject to investigation by the Committee of Credentials have an opportunity to respond to the allegations in writing. The Committee is required to grant or recommend denial of an application based on the information obtained during the investigation and the applicant's response. This change in the Committee's procedure allows the first-time applicant one opportunity to provide a written explanation of alleged misconduct, with no right to appear personally before the Committee. Currently, an applicant has two opportunities to submit information to the Committee with a right to an appearance before the Committee. The Commission anticipates savings of approximately \$15,000 per year, and the streamlined process would result in more expeditious processing of applications. In addition, without the additional workload of appearances by first-time applicants, the Committee would be able to review more investigations of first-time applicants every month.

Section 44244 was amended to eliminate the current requirement that, after the Committee conducts an investigation, the notice of the Committee's recommended disciplinary action be sent via registered mail. The California Code of Civil Procedure, section 1013(a), codifies the sending of notices by regular mail, a practice that is followed by other state agencies, as well as by the federal government. This valid form of legal notification will result in savings to the Commission in postage and labor costs of approximately \$11,000 per year.

Technical Changes: The wording in section 80317 was revised to clarify how and when credential applicants and holders may request an administrative hearing. Language describing the administrative hearings, accusations and statements of issue was eliminated, as Government Code sections apply.

Proposed Changes to Title 5 Regulations

80300: Staff is proposing that a definition of first-time applicants be included.

80305: Staff is proposing a new section that outlines jurisdictional requirements and details timelines of the streamlined investigation process for first-time applicants.

80309.1: Staff is proposing that the title be revised to reflect that this section does not pertain to first-time applicants.

80310: Staff is proposing that the title be revised to reflect that this section does not pertain to first-time applicants, and that the language stating that registered mail will be used for notification purposes be deleted.

80311: Staff is proposing that the title be revised to reflect that this section does not pertain to first-time applicants.

80314.5: Staff is proposing that the title be revised to reflect that this section does not pertain to first-time applicants, and that the requirement that registered mail be used for notification purposes be deleted.

80317: Staff is proposing technical clarifications on how credential applicants and holders may request an administrative hearing. Staff is also proposing deleting language that is covered by the Government Code.

Consideration of Alternatives

The Commission must determine that no reasonable alternative it considered or that has otherwise been identified and brought to the attention of the Commission would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons or small businesses than the proposed action. Interested individuals may present statements or arguments with respect to alternatives to the proposed regulations at the scheduled hearing or during the written comment period.

Proposed Amendments to the California Code of Regulations, Title 5, Sections 80300, 80309.1, 80310, 80311, 80314.5, and 80317 and the Addition of 80305 Pertaining to the Committee of Credentials
